

**Installation and Maintenance**  
**TigerShark Top Mount Outrigger Holders**  
**Models 88800 & 88805**

Congratulations on your purchase of a precision top mount outrigger holder!

**TigerShark I Electric LineRigger™:**

If you have purchased our electric model, prepare your top with our enclosed 4 x 6 w/3" hold diagram and simply place into the 3" hole and bolt in with quality 304 5/5" -18" x length required stainless steel machine screws, and follow the diagram enclosed to hook up the electric. (Wiring conforms to UL1426 Marine Specs.)

- a. Very important – we recommend the use of a certified electrician for this installation.
- b. Installation should conform to E9 and E11 ABYC specifications for electrical installation.

**TigerShark III Manual LineRigger™:**

If you have purchased our TigerShark III Manual version, there is no assembly required: simply place in 3" hole and bolt in.

**Maintenance:**

Wash with fresh water after each use.

**Warranty:**

Your new TigerShark Top Mount Holder was inspected and tested before leaving the factory. We warrant this product to be free from defects in materials and workmanship under normal use and service for a period of one year from date of purchase.

For prompt repair and service, please return your Tigress product with dated proof of purchase to Tigress Outriggers & Gear at the address below:

3600 23<sup>rd</sup> Avenue South  
Lake Worth, FL 33461  
(954) 462-0917

**Warranty Registration Card**

Please complete and return with copy of receipt, so that we may add you to our owner registration files.
